

MADELINE HADDAD

Speech Pathologist, MS, CCC-SLP

Madeline graduated from Baylor University in Waco, Texas December, 2013 with a Bachelors of Arts in Communication Sciences and Disorders and with Masters of Science in Communication Sciences and Disorders in May, 2015.

Madeline's areas of specialty include working with preschool age children and helping them learn to communicate with others.

She enjoys reading a good book, working out and exploring new places and restaurants in Waco with my soon-to-be husband, Daniel. I also like to cheer on the Baylor Bears in sports.

Madeline's favorite verse is, "*My flesh and my heart may fail but God is the strength of my bear and my portion forever.*" Psalm 73:26
